DETAILED ACTION

Status of Claims

Claims 1-23 are pending in the instant application. Claims 1-16 and 23 are withdrawn.

Status of Specification

The objection of the specification is maintained.

Applicant's have not responded to the objection to the specification, see Remarks, filed 6/5/2009, with respect to the Non-Final Office Action mailed 11/25/2008. The objection is maintained for the reasons of record.

Status of Claim Objections

Applicant's amendment of claims 17-22, see Remarks, filed 6/5/2009, with respect to the Non-Final Office Action mailed 11/25/2008, has been fully considered and the objection has been overcome.

Status of Rejections

35 USC § 112 (2nd Paragraph)

The 112 2nd rejection of claims 17-22 is maintained.

Applicant's amendment of claim 17 (in reference to the indefiniteness rejection of claims 17-22 regarding the term "metal chelator group"), see Remarks, filed 6/5/2009, with respect to the Non-Final Office Action mailed 11/25/2008, has been fully considered but are not found persuasive. Claim 17 now recites "treating a patient with a compound comprising a MUC1 Growth Factor Receptor (MGFR) binding region and chelates metal". The aforementioned amendment does not rectify the problem

Art Unit: 1624

associated with the prior language "metal chelator group". The examiner does not know what other additional chemical/physical properties are associated with applicant's claimed compound other than that it comprises a MGFR binding region. No structure function relationship regarding a chemical core has been establish

35 USC § 102

The 102 rejection of claims 17-22 is maintained.

Applicant's response, see Remarks, filed 6/5/2009, with respect to the Non-Final Office Action mailed 11/25/2008, has been noted. Thus, the rejection is maintained.

35 USC § 112 (1st Paragraph)

The 112 1st rejection of claims 17-22 is maintained.

Applicant's amendment of claim 17, see Remarks, filed 6/5/2009, with respect to the Non-Final Office Action mailed 11/25/2008, has been fully considered but not found persuasive. The claims are still drawn to methods of "preventing" various cancers. As stated in the previous office action, applicant is not enabled for the "prevention" of any forms of cancer. Thus, the rejection is maintained.

Conclusion

No claims are allowed.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP

Art Unit: 1624

§ 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
